

Addendum : Attendance Procedures For Grade 5-8

In an attempt to improve school attendance the following procedures will be implemented for marking periods 3 and 4 of this year. This is an addendum to our present attendance procedure which can be found in our student handbook.

Students who attend school daily will receive two points per class per day that will result at the end of the marking period as a 100 point test grade added to their cumulative grade for the report card.

When a student is absent two points will not be awarded for each day when absent. This will result in a lower grade on the report card.

When a student reaches 18 days or more absent, for any reason, that student will be referred to summer school. They will be required to attend one hour of summer school for each day missed. When the time is made up in summer school the final report card will be released.
